

GOVERNORSHIP BATTLE OPENS

DAVIS TRIAL ENDS SUDDENLY MONDAY

MISTRIAL DECLARED IN LOTTERY CASE OF U. S. SENATOR

TWO JURORS ALLEGED TO
HAVE COMMUNICATED WITH
DEFENSE ATTORNEYS

BY MORRIS WATSON
NEW YORK, Oct. 3.—(AP)—The lottery trial of Senator James J. Davis was abruptly ended today, Judge Frank J. Coleman declaring a mistrial because one of the jurors was shown to have reported alleged misconduct of another juror to defense counsel during the week-end.

Charles J. Margiotti, defense counsel told the court that juror number seven, Henry J. Moore, reported to him that alternate number 13, Abe H. Weintraub, had been telling the other jurors during the trial that defense witnesses were lying.

Judge Coleman held a formal investigation, as a result of which he completely exonerated Weintraub and severely reprimanded Moore. Moore was paroled in his own custody until tomorrow morning.

Charles J. Margiotti, Charles H. Tuttle, and Joseph E. Davies, counsel for the defense, gave out this statement:

"We are deeply disappointed that in the concluding hours of this case so much time should be lost by a mistrial. Our judgment there is no doubt but that the evidence clearly established overwhelmingly the guilt of the accused, and that in a few days the case would have resulted in verdict of complete exoneration and acquittal."

Before the hearing was adjourned, Judge Coleman struck the parole from the record because the juror had not been arrested or held for contempt.

It was learned, however, that the case would be placed on the calendar for call next Monday.

Senator Davis planned to issue a statement after conference with his counsel.

Juror Moore stood in a dark corner of the hallway leading to the court's chambers for some time after adjournment of the hearing. Attorneys for both the government and defense talked with him privately.

Tuttle promised to plead with the judge in his behalf in chambers as the judge prepared to leave.

Treadwell obviously was disappointed in the outcome.

"I have nothing to say," he said.

When Juror Moore took the stand to explain his actions, the evidence that Juror Weintraub had said: "Why don't the

OFFICIALS CLEARED
IN TRUCK ACTION BY
STATE HIGH COURT

SUPREME COURT RULES DISTRICT COURTS WITHOUT AUTHORITY IN CASES

AUSTIN, Texas, Oct. 3.—Adj. Gen. W. W. Sterling, Highway Patrol Chief L. G. Phares and other officers held in contempt of court for alleged violation of injunctions restraining them from interfering with the transportation of motor trucks with loads exceeding 7,000 pounds, were ordered discharged from custody by the Supreme Court Saturday.

The cases originated in the Upton and Navarro County District Courts, where writs of habeas corpus were filed in the Supreme court by the officers, asking their release.

The Supreme Court, in an opinion written by Judge C. A. Leddy, of the Commission of Appeals, held that the District courts were without authority to issue writs of injunction to prevent the enforcement of a law regulating the transportation of motor trucks.

The motor truck law was held by the United States Supreme Court.

"The petition on which the injunction was issued failed to show that the law in question was invalid and that its enforcement would constitute an invasion of any property right possessed by the complainants," the opinion said.

"Therefore they were not entitled to protection at the hands of a court of equity. Since this is true, it follows that the injunction restraining the officers from enforcing the act in question is void and all proceedings thereunder must fail."

The officers after being adjudged guilty of contempt, were ordered to jail without bail.

Songbird Back -- Craves Freedom

Back from South America, where she had been making an extended tour, Miss Lily Pons, world-famed diva of the Metropolitan Opera, is shown as she arrived at New York on the S. S. American Legion. She is holding her pet cheetah, "Tia." The songbird admitted that the recent rumors of impending divorce are not without foundation. She plans to file suit for freedom from August Mesritz when her engagements permits a trip to Paris.

ROOSEVELT PLEADED WITH HIS CAMPAIGN DRIVE THROUGH WEST

WILL PLUNGE INTO BUSINESS
NOMINATING CANDIDATE
FOR GOVERNOR

ALBANY, N. Y., Oct. 3.—(AP)—Governor Roosevelt returned to Albany at 9:07 a. m., today after a three week campaign tour that took him to the Pacific coast.

The governor was met at the train by a small group of delegates to the democratic state convention, opening here at noon.

After leaving his special train, Governor Roosevelt was driven to the executive mansion.

One of the first to greet the governor was Lieutenant Governor Herbert H. Lehman, who is favored by Roosevelt for the gubernatorial nomination.

The governor was expected to take a prominent part in the party councils later in the day in advocating the nomination of Lehman.

BY WALTER T. BROWN,
Associated Press Staff Writer.

ROOSEVELT SPECIAL, En Route to Albany, N. Y., Oct. 3.—(AP)—Governor Roosevelt near the end of his 8,000-mile presidential campaign trip today "thoroughly" satisfied, as he said, that his democratic drive for the White House had gained strength in the scores of states he visited on the three weeks trip.

With scarcely a pause in his activities, he will plunge into the democratic state convention at the New York capital, which will name a nominee for the governorship who will relinquish Jan. 1.

He was represented as hopeful that harmony would be attained and that his choice for the nomination would be the one.

Former Mayor of
Missouri City
Pleaded Guilty

SPRINGFIELD, Mo., Oct. 3.—(AP)—Former Mayor Thomas H. Gideon this morning pleaded guilty to the federal government's charge that he conspired to violate the national prohibition law.

His sensational plea came two years and six months after his indictment by a federal grand jury here. It came after the former mayor three times had stood trial on the charge. He was convicted once and two of the trials resulted in hung juries.

Judge A. L. Reeves placed Gideon on probation.

Judge Reeves said he had become convinced during Gideon's third trial, which ended in a deadlock, that Gideon had accepted liquor from bootleggers but did not believe Gideon had taken any money. He believed the former mayor had been sufficiently punished, he said, and therefore would withhold a prison sentence.

Ten Principles Set Up by League For Manchuria

GENEVA, Oct. 3.—(AP)—The following ten principles were set out by the Lytton commission as the basis for a permanent peace settlement between China and Japan in Manchuria:

- 1.—Compatibility with interests of both China and Japan.
- 2.—Consideration of the interests of Russia.
- 3.—Conformity with the league covenant, the Briand-Kellogg pact and the nine-power treaty.
- 4.—Recognition of Japan's interests in Manchuria.
- 5.—Establishment of new treaty relations between China and Japan.
- 6.—Effective provision for settlement of future disputes.
- 7.—Manchurian autonomy.
- 8.—Internal security against aggression.
- 9.—Encouragement of economic rapprochement between China and Japan.
- 10.—Internal co-operation in Chinese reconstruction.

CERTIFICATION OF CANDIDATES MINUS GOVERNOR RECEIVED

9 PROPOSED AMENDMENTS
WILL ALSO BE VOTED
ON IN NOVEMBER

Certification of the various candidates of the numerous political parties of Texas, with the exception of the democratic gubernatorial nominee, has been received from Mrs. Jane Y. McCallum, secretary of state, by C. Morgan Ferguson, clerk. No name was carried under the democratic governor's nominee.

The suits, etc., relative to the Democratic gubernatorial nomination between Mrs. Miriam A. Ferguson, who was declared the nominee by the state executive committee on the returns of the second Democratic primary election, and Ross S. Sterling, incumbent opponent of Mrs. Ferguson, in the run-off race, apparently caused the leaving off of the name of either pending the outcome of the contest. It is thought the remaining portion of the ticket was sent ahead in order that the clerks could make preparation for the general election early in November.

The ticket for the November general election will contain columns for the nominees of the Democrats, Republicans, Socialists, etc.

Receiver Asked For Nickel Plate In Chicago Court

CHICAGO, Oct. 3.—(AP)—A suit asking appointment of a receiver for the Nickel Plate Railroad was filed in the United States District court today before Judge James H. Wilkerson.

The bill was filed by Leo S. Samuels, of Chicago, attorney for Samuel Caplan of Detroit, holder of three \$1,000 gold notes issued by the road Oct. 1, 1929, and due Saturday, on which payment was defaulted.

The bill set forth that the notes were part of a \$20,000,000 issue held by upwards of 1,000 different persons, that a multiplicity of suits as a result of the default was likely and that a receiver should be named.

In addition, Caplan's bill alleged the railroad owed approximately \$1,200,000 in taxes and other obligations.

JAPANESE ATTITUDE AND ACTION GIVEN ADVERSE CRITICISM

JAPAN THREATENS TO QUIT
LEAGUE AND DEFEND POSITION
RESULT REPORT

(By The Associated Press.)
World opinion, expressed through unofficial channels, generally approved the Lytton commission report to the League of Nations on the situation in the Far East.

Japan, however, has denounced the report as biased and hostile. In a statement by the war office, Japan threatened to withdraw from the League of Nations and to oppose vigorously any attempt by the league to enforce recommendations of the commission.

None of the responsible Chinese government officials has commented, pending study of the report in detail. Leaders of the old Manchurian regime now in Peiping were said to have welcomed it as a basis for settlement. It was assumed that the national government leaders would accept most of the report, perhaps with a few minor reservations.

Washington generally regarded the document as supporting the administration attitude toward the events which led to organization of the state of Manchukuo. Secretary of State Stimson was expected to issue a statement before the end of the day.

At Geneva, where the report will be considered by the League council Nov. 14, it is generally received with satisfaction in all quarters except by the Japanese. In the other European capitals there was no official comments, for the responsible government authorities have not had time to digest the report.

WASHINGTON, Oct. 3.—(AP)—Carrying his campaign for reelection personally to the west, President Hoover left in mid-afternoon aboard a special train for Des Moines, where he will speak tomorrow night.

The President and Mrs. Hoover went to the union station several minutes before their special train left.

They walked through the station and the chief executive lifted his hat in response to applause from spectators. He entered the train and both he and Mrs. Hoover almost immediately reappeared on the rear platform to pose for photographers.

WASHINGTON, Oct. 3.—(AP)—President Hoover leaves Washington today for Des Moines, Iowa, where tomorrow he will make his "opening campaign speech" with the day on which the American people will decide whether he shall have another term little more than a month off.

In his speech tomorrow, President Hoover will discuss issues of the campaign at length for the first time since his acceptance speech in Washington, Aug. 11. Since that time, his democratic opponent, Governor Franklin D. Roosevelt, has expressed his views on many problems of the day.

The President's friends expect him to devote much of his speech to the agricultural problem, which was discussed by Governor Roosevelt in the same state only last week.

White House aides said, however, that the President also would discuss other current issues and republican leaders expected him to touch on some of the subjects.

MEXICAN GOVERNMENT THREW DOWN GAUNTLET TO VATICAN AFTER ENCYCLICAL BY POPE

MEXICO CITY, Oct. 3.—(AP)—The Mexican government threw down the gauntlet to the Vatican today after last Friday's encyclical in which Pope Pius XI protested against what he called "the new and legal persecution" of the church and Catholics in the country.

"If the insolent, defiant attitude shown in the recent encyclical continues," President Abelardo Rodriguez said in a statement, "I am determined that the churches will be converted into schools and shops for the benefit of the nation's progress."

The president's statement was followed by an announcement that the national chamber of deputies would meet today to consider the encyclical.

In an unforeseen and absurd manner, the statement said, "there has been published the encyclical 'Acerba Anima,' the tone of which does not surprise us because methods filled with falsehood against this country are characteristic of the papacy."

To protest against the laws that in their conception oppress the liberty of the church openly,

STAMFORD MAN NAMED Secretary-Treasurer Agricultural Body

FORT WORTH, Oct. 3.—(AP)—J. R. Pratt, Jr., of Stamford will be here Wednesday to assume his duties as secretary-treasurer of the agricultural credit corporation for this district.

Pratt was appointed last week by the board. A. E. Thomas, general manager, said several other officers remain to be named, including an assistant manager and an assistant treasurer.

A director to take the place declined by W. L. Pier, president of the Stock Yards National bank, also remains to be named.

(Continued on Page 7.)

DEATH TOLL FLOOD WATERS CALIFORNIA STILL INCOMPLETE

EIGHT BODIES HAVE BEEN
RECOVERED IN MOUN-
TAINOUS DISTRICT

BAKERSFIELD, Calif., Oct. 3.—(AP)—Fifteen bodies were in the morgue here today while a thousand workers searched through the twenty odd miles of debris-strewn canyon for a score or more of the victims of the cloudburst torrent that swept down from Tehachapi Pass Friday night.

Only four of the bodies were identified. Mr. and Mrs. Peter Kadd, a foodservice station operator, their son Peter, aged 20, and Mrs. Nell Cooper, Caliente telegraph operator.

Among the missing were A. H. Ross, railroad engineer; Harry Moore, brakeman; Arnella Williams, aged 2, granddaughter of Mrs. Cooper; Clifford Barrow, Bellingham, Washington and John Tempest, Caliente.

The unidentified dead were believed to be mostly transients on the freight train swept to destruction by the 45-foot wall of water that roared down the railroad pass.

It was reported today that among the transients on the freight train were two young women, names unknown.

BAKERSFIELD, Calif., Oct. 3.—(AP)—Leaders of volunteers searching the mountainous Tehachapi area for additional victims of Friday's cloudburst expressed belief today the total death toll never may be known.

Eight bodies had been recovered, 13 other persons had been given up as lost and probably as many as 20 unidentified itinerants were believed swept to their deaths by the 45-foot wall of water that came roaring down Tehachapi pass with little warning.

The body of one of the victims, Mrs. Louise Kadd, was found 19 miles from her home. Authorities said the force of the water may have carried other bodies greater distances which may prevent their being located.

Tons of mud and debris were swept through the canyons and searchers said many bodies were buried.

Bodies so far recovered were:

Master and Four of Towboat Crew Drown In River

BATON ROUGE, La., Oct. 3.—(AP)—Loss of the master and four members of the crew in the capsizing of a Standiford Oil Company towboat on the Mississippi river near Lake Providence, La., brought an investigation of the accident today.

Hope that any of the five might have escaped drowning was abandoned last night. The missing were Capt. William J. Dohel of Baton Rouge, master; William L. Jeune of Baton Rouge, watchman; Alto Corso of White Castle, La.; Eddie Clark of Baton Rouge, negro cook.

The craft, a stern wheeler named the Standard, overturned Saturday while towing two barges of refined oil from a Baton Rouge refinery to Grand Lake, Ark.

(Continued on Page 7.)

CONTROVERSY OVER TRIAL PROCEEDING MONDAY MORNING

STERLING AND FERGUSON
ATTORNEYS ANNOUNCE
READY TO PROCEED

AUSTIN, Oct. 3.—(AP)—Over vigorous objection of attorneys for Governor R. S. Sterling, District Judge W. F. Robertson this afternoon allowed attorneys for Mrs. Miriam A. Ferguson to continue presentation of a plea in abatement challenging jurisdiction of the court to try the suit filed by Governor Sterling contesting the right of Mrs. Ferguson to the democratic gubernatorial nomination.

M. M. Crane, counsel for the governor, interposed strenuous objection to argument being made on the Ferguson's special pleas until machinery had been set in motion to obtain the testimony the governor planned to offer in trial of the case. Crane proposed the appointment of special commissioners to take the testimony in the numerous counties where irregularities were alleged by the governor, stating that if the court decided later it did not have jurisdiction that the defense was not injured.

AUSTIN, Oct. 3.—(AP)—Presentation of defense pleas in abatement challenging jurisdiction of the Travis county district court to try the suit filed by Gov. R. S. Sterling contesting the right of the nomination of Mrs. Miriam A. Ferguson as the democratic gubernatorial nominee, was started before District Judge W. F. Robertson today.

Presentation was started by Luther Nickels, counsel for Mrs. Ferguson, despite an announced inclination of Judge Robertson to delay the trial until the state supreme court had taken action on the Ferguson's motion for leave to file a petition to mandamus Mrs. Jane Y. McCallum, secretary of state, to certify her as the Democratic nominee.

In a statement from the bench, Judge Robertson called attention to the Ferguson's motion for leave, in which he took exception to the action of Judge Robertson in granting an injunction at 12:30 a. m. to prevent Mrs. Ferguson from appearing in court to certify her as the nominee.

"This court does not deem it advisable to proceed with this case," he said.

(Continued on Page 8.)

SUPREME COURT CONVENED AFTER LONG VACATION

COURTESY VISIT TO WHITE
HOUSE ONE OF DETAILS
OF OPENING DAY

WASHINGTON, Oct. 3.—(AP)—The Supreme Court remained in session today 20 minutes, admitting attorneys to practice before it and receiving motions.

The court will make its customary visit to the White House because of President Hoover's preparation for departure to speak in Iowa tomorrow.

For all nine of the highest court's members, gathered to open the fall term, the annual recess has meant restful vacations abroad or at summer resorts. But for all, too, there had been the task of receiving and studying petitions for review filed on an average of three a day.

Today's only business was receiving motions, with a courtesy call to the White House also scheduled. The court next Monday will start the new term by beginning to announce which cases accumulated during the recess will be reviewed.

Oral arguments in cases continued from last spring next are in order.

Chief Justice Hughes returned to preside over the court from a vacation that included a motor trip to Canada and a sojourn at Saranach Lake.

Four of the justices spent part of the recess in Europe. They were Justices Van Devanter, McReynolds, Sutherland and Stone.

Justice Brandeis was at Chatham, Mass. Butler at Blue Ridge Summit, Pa. Roberts at his Pennsylvania farm near Philadelphia, and Cardozo at Rye, New York.

DRY CONVENTION WILL FORM PLANS FIGHT WET ACTION

WASHINGTON, Oct. 3.—(P)—Formulation of definite plans in opposition to modification or repeal of the Eighteenth amendment and preparation of a "dry legislative program" are the purpose of a national convention called here by the Anti-Saloon league for Dec. 15 to 18.

The league's executive committee said in a statement yesterday a formal call had been issued to all state superintendents and other league officials and quoted Dr. F. Scott McBride, general superintendent of the league as saying:

"The political situation involving prohibition has made it desirable for us to determine the exact attitude of the next congress which will have been elected, and to outline our dry legislative program."

"In conference x x x we will also make our plans for the congressional elections of 1934. We expect the aggressive fight now being made by the drys in the present senatorial and congressional campaigns will keep the Eighteenth amendment from being changed by the next congress."

"In 1934 x x x we look for a campaign and election that will decisively stop the present depression-promoted policy of wet to regain legalized liquor."

Davis Trial

(Continued from Page 1)
witnesses tell the truth. We all know that Senator Davis is a liar."

"Whom did he say this to?" asked the court.

"To six or eight out in the hallway," the juror answered.

"After the trial (John J. Laffey) testified, he said 'they're all the same.'"

"Who said that, Weintraub?" the court asked.

"More to tell the court he did not want to testify further and he declined to explain his visit to Margiotti."

The priest testified last Friday. He is Catholic chaplain at Moore's heart, the children's center operated by the Moore order. Through him the defense sought evidence to corroborate its contention that although Davis accepted a \$100,000 check for Moore's department as a luncheon on Jan. 3, 1931, there was nothing to indicate that the senator had received money from an alleged lobbyist.

BY MORRIS WATSON
NEW YORK, N. Y., Oct. 3.—(P)—Trial of United States Senator James J. Davis came to an abrupt end today, Judge Frank J. Coleman declaring a mistrial because two of the jurors communicated with defense attorneys over the week end.

Sensor Davis was charged with violation of federal lobby laws in the conduct of charity balls by which he had received money, of which he is director general.

Announcement of the mistrial was made as Judge Coleman opened court for what would have been the third week of the trial.

Report of the acts by the jurors were made to the court by defense Charles J. Margiotti. The court commended Margiotti and also lauded Senator Davis for participating in the action of his counsel in reporting the incident.

Judge Coleman said he would suspect immediately judgment insofar as the two jurors were concerned.

Jurors Identified.
The jurors said to have approached Margiotti were juror number seven and the second of the two alternates selected when the trial began to prevent possibility of a mistrial because of sickness.

Margiotti said he received a telephone call at his hotel Friday night. A man who said he was a "brother knight" said he wanted to tell him something about a juror.

Immediately after the mistrial was declared, Margiotti was sworn and placed on the stand for an investigation into the matter.

The man came to his room and Margiotti saw that he was juror No. 7, Henry J. Moore, a photo engraver. He told him, Margiotti said, that juror No. 14 is "putting in against your case." Later it developed that the second juror concerned was not number 14 but number 13.

"Every day in the corridor," Margiotti quoted the juror, "he tells the others that all your witnesses are lying."

Margiotti said Moore had been drinking.

"This is the first time in my life anything like this happened to me," said Margiotti, "and I didn't know what to do."

He said the juror didn't attempt to discuss the merits of the case.

Brother-in-Law Asked.
Moore told Margiotti that he found his hotel residence through Margiotti's brother-in-law. The attorney said he asked his brother-in-law about it and learned that the latter did not know he had been talking to a juror.

Margiotti said he called Judge Coleman immediately but was unable to see him until 5:30 Saturday evening at Larchmont.

The attorney's brother-in-law, Dr. W. J. Gatti, testified that after adjournment Friday at 2:00 p. m. he left the courthouse to do some shopping in the subway, he said, he met Moore, but did not recognize him. Moore shook hands with him, he said, and he wore the same sort of lodge pin.

"He asked me," said Dr. Gatti, "What are you doing there? I told him I was here for the Davis trial."

"He asked me if my brother-in-law was Charles Margiotti and he asked me where he was staying."

Declines to Take Stand.
Moore declined to take the stand.

When the alternate was called, the court discovered there was an error and that he should have named juror 13 instead of 14.

He was Abe H. Weintraub, a broker of 1235 Park avenue.

Weintraub denied the assertion that he had said any of the witnesses were lying. He said he did comment that some of the witnesses were funny and that he did not make comments on some of the attorneys.

The other jurors were then called.

Roosevelt in Old Arizona

Taking time out to rest from the rigors of his campaign tour, Governor Franklin D. Roosevelt is shown with his party in the wide open spaces of Williams, Ariz. The Democratic nominee and his party were guests at the ranch of Mr. and Mrs. Jack Greenway when this photo was made. Left to right: Governor Roosevelt, Mrs. Roosevelt, Mrs. Greenway and Senator Thomas J. Walsh of Montana.

MANCHURIAN DICTATOR FOR JAPANESE AVERS NOTHING WILL CAUSE CHANGE TACTICS

Flood

(Continued from Page 1)
in which high water goes through the floodways.

Pecos A Flood Stage.

PECOS, Sept. 3.—(P)—The Pecos river was still at flood stage here today. Its depth was 15.5 feet and overflow waters had inundated low lands on either side of the river.

Water continued to seep through and flow over levees, but so far, none had broken. One of the flood gates at Barstow dam, ten miles north of Pecos, washed out this morning. Sand bags failed to hold it.

The dam is a comparatively small structure and the break did not release enough water to cause serious damage.

The river was not rising today and indications were that it would begin to recede soon. There had been no rain at Pecos for 48 hours.

Roads out of Pecos were open in all directions today, except the one leading to Carlsbad. Mud and high water still blocked it.

Crest of Rio Grande Flood at Brownsville

BROWNSVILLE, Oct. 3.—(P)—The crest of the second major flood on the Rio Grande in a month had reached the valley today, covering practically the same territory as during the September rise and doing little damage.

Last night the river stage at Hidalgo went to 25.85 feet, which was the highest level reached there during the first flood. Levees throughout the lower valley were in better condition than when the first flood arrived since that time a drought had caused some to crack.

Far up the river at Presidio another rise was causing considerable damage. Crops in the Presidio valley were a total loss.

Soldier Drowned.
TYLER, Oct. 3.—(P)—The drowning in the Rio Grande flood of Sandy H. Taylor, 36, soldier on duty with the regular army at Fort Brown, was reported today by his parents who live at Pine Springs, near Tyler. They were advised he lost his life Saturday near Brownsville. Details of the accident were lacking but he was believed to have drowned while trying to rescue persons marooned by the flood.

ed to the stand and asked if they had heard Weintraub making comments on the evidence. The first five had not.

Judge Coleman himself questioned all the witnesses. Moore sat in the witness box with his eyes glued to the floor.

Sensor Davis appeared weary and disappointed.

The senator had demanded immediate trial so that he might comment on the evidence. He was given a hearing for selection in Pennsylvania.

Charles H. Bowen, juror No. 14, who had been erroneously named by the court, was called. He said he had never heard Weintraub make any comments.

Moore Testifies.
At this point Moore decided he wanted to testify.

"Tell me anything you want to tell me," said the juror.

In a cracked nervous voice, Moore swore that Weintraub told him and other jurors that the witnesses were lying.

All of the other jurors had contradicted this.

"I find that inference about juror No. 13 is unjustified," said the court. "He is completely exonerated."

Great injury has been done to the defendant and to the government. It necessitated the defendant standing trial again.

"I will adjourn at this time and give you opportunity to see if you desire counsel."

"There must be a warning to all jurors," shouted the court, "that instructions are to be obeyed."

Court was adjourned until tomorrow at 10:30 a. m. at which time the juror is to appear again.

Moore was paroled into his own custody. He will have the hearing tomorrow in the judges chambers in the Woolworth building.

prdtUmpHlma vlg vlg vlgvlgv

Manchuria

(Continued from Page 1)

the report of the Lytton investigating commission which inferentially condemned Japan's military occupation and turned thumbs down on the Japanese-advocated regime of Henry Pu- Yi.

The commission, in an exhaustive analysis of the situation which began with the opening of the Japanese army's drive in September of last year, found that the military campaign was unjustified and that the new state of Manchukuo is not supported by the Manchurian people.

It proposed a special autonomous regime for the territory, with China retaining full sovereignty over the three provinces, and suggested a special Sino-Japanese conference to work out the basis of a permanent settlement, with the provision that the League Council take a hand if the Chinese and Japanese themselves fail to agree.

Because of the delay requested by Japan and granted last week by the League, consideration of the report will not be taken up until the 14th, when it was approved by all five members of the commission, Lord Lytton of Great Britain, General Frank McCoy of the United States, Count Luigi Albertini of Italy, Dr. Hermann Schaefer of Germany and General Henri Claudel of France.

Generally speaking, it was hailed in all quarters here today, except by the Japanese, with satisfaction.

The report scouted Japan's contention, so often repeated while the military campaign was in progress, that her soldiers were fighting self-defense.

After giving the conflicting Chinese and Japanese versions of the events which provoked the outbreak of hostilities at Mukden Sept. 18, 1931, the committee said "the military operations of Japanese troops . . . can not be regarded as measures of legitimate self-defense."

The commissioners also condemned the bombing of Chinchow by Japanese airplanes near the close of the campaign. "Bombing of a civil administration by military forces cannot be justified," the report said.

Artificial Government.
The government of the new state of Manchukuo under Henry Pu- Yi was frankly characterized as an artificial government, artificially by Japanese military and civil officials, without genuine support from the local Manchurian population.

The commissioner did not hold the Japanese press today with a declaration from the government that the league assembly adopts the report, Japan will withdraw from the League and oppose its action with the firmest determination.

Reviewed German War Games

This unusual photo of Germany's aged soldier-President, Field Marshal Paul von Hindenburg, was made at the recent Reichwehr maneuvers at Frankfurt-on-the-Oder, which were reviewed by the 85-year-old statesman. With the President is his son, who is a lieutenant general in the German army. Imitation artillery and armored cars were used in the mock warfare in accordance with the Treaty of Versailles, which heavily restricts armaments in Germany.

Roosevelt

(Continued from Page One)

inaction, Lieut. Gov. Herbert H. Lehman, would win.

It was understood Roosevelt the past few days had talked over long distance telephone with the leaders of the New York City democratic organizations.

Yesterday at Detroit crowds in the naval armory and gathered outside the building heard Roosevelt talk on what he termed "social justice, through social action." He labelled it a non-political address.

Governor and Mrs. Roosevelt were hosts last night at Detroit at a dinner to the newspaper writers, camera men and others of the party who traveled with the nominee on his three weeks trip.

At the dinner he revealed that plans had been prepared for a 10-day campaign trip through the South and Midwest and a final trip into New England for a few days before the Nov. election. The southern trip is scheduled to open on Oct. 17.

America prefers the Chevrolet Six

Month after month the American public continues to show preference for the Chevrolet Six. They know that only six-cylinder engines—as Chevrolet builds them—balanced in design, give both built-in smoothness and the utmost in economy of operation. It is good business then, for anyone who buys a car — to consider these things which are so essential to motoring satisfaction. . . . And remember—the Chevrolet Six is a proved product—proved by the experience of more than 3,200,000 satisfied owners. Choose the Chevrolet Six.

JUST FOLKS

ENOUGH AND MORE
I've always said the home should be the place where they might romp at will. From all severe restrictions free And never dully dull and still; But I confess I never thought These walls should ever house the tones Of two brass trumpets, newly bought. And three unpracticed saxophones. "Come home," said I, in earlier days, "And bring your happy friends along." Believing when a youngster strays Elsewhere to play there's something wrong. But now since jazz is all the rage Our peaceful dwelling fairly groans With wailing of the modern age Produced by horns and saxophones. In vain we sit and try to read, In vain at last to bed we go, But sleep is difficult indeed Where saxophones and bugles blow. And this to mother I declare: "Though I'm the pleasantest of men, The other parents ought to share This dreadful racket now and then."

tion and Republican nominees for Congress are not doing anything to aid the National ticket; also that the former are not anxious to identify themselves with the Hoover Administration, and that the latter are looking out only for their own success; some of them, as in Pennsylvania, for instance, entering the election lists as "Roosevelt Progressives." President Hoover and his strategists are also reported to be dissatisfied with the work of the publicity bureau of the Republican National Committee, and are thinking of employing "a publicity electrical wizard" to "break down sales resistance" to the present administration.

Not even the tender of her services to the Republican National Committee by the former Ruth Hanna McCormick, who was defeated for the Illinois Senatorship by 750,000 majority in favor of Senator James Hamilton Lewis, has had the effect of reviving the spirits of the Committee, so far as known.

The situation at the end of last week appeared to be so critical that President Hoover gave up his weekend trip to the Rapidan to hold conferences with the "three best minds" left in his board of strategy—Secretaries Mills and Hurley and Chairman Sanders—from which nothing so far has definitely evolved except columns of type concerning Mr. Hoover's inability to make up his mind until the announcement that he would make a speech in his native State now in the throes of insurgency.

INEFFICIENT.

Contrary to popular belief, science proves that the human body is not the most efficient of machines. In terms of fuel consumption and potential energy utilized, even the finest athletic specimens are about on a par with the motor car of the vintage of 1910.

Slow-motion movies and scientific calculations show that the mechanical work of running requires three horsepower, but that the runner consumes oxygen at a rate equivalent to the production of 13 horsepower. That gives him an efficiency of 23 per cent.

Much of the waste energy is employed in stopping the legs and arms at the end of the swing, in making contact with the ground and in overcoming gravity. Further loss of energy might be accounted for by the terrifying contortions of the runner's face.

These calculations shed some light on the gradual displacement of human hands in industry by machinery. Man is more efficient with his brain in saving labor than he is in producing with his hands. Efficiency tests also bear out the theory that man "chokes" that engine, which is his body, with too much fuel in the form of food.

The defeat of Abit Nix in Georgia and nomination of Tallant Tubbs in California gives the senate a 50-50 break.

The new trawler that catches fish 2500 feet down wasn't needed in the old stock-selling days.

Perhaps if he would get rid of that goat Gandhi could eat.

One Against An Empire.

---By Clive Weed

"HOOVER TO TAKE STUMP."

The exigency is plain enough. Democratic prospects are strengthened by the Maine election and the prevailing interpretations of it. Governor Roosevelt's campaign in a large part attacks the president's record, from his service as secretary of commerce to the present time. Is Hoover to take it lying down? Or, if the fates ordain his defeat, will he have taken it standing up? As the men among men sometime say, on the chin? Dignities attend a president in office. But we think there are ways in which a president may with dignity take the stump.

Especially may he speak for himself when no one else can speak for him with effect. Granting an engaging eloquence to Secretary of the Treasury Ogden Mills does not grant powers over popular assemblages to a man groomed for national service under Andrew Mellon, to an author and the chief collector of the oppressive taxes afflicting the country and to the successor of his father as a Wall Street banker and financier.

Mills will not do; Borah declines to serve; Hughes is Chief Justice of the United States Supreme Court. Nowhere else than in the white house do we see the Republican who, toward President Hoover's justification, can command the people's intent and respectful hearing. Then the challenge from Roosevelt is direct and personal which recalls the Hoover prohibition change "pussyfoot words" and dares the Republican national committee to send the Hoover speech accepting the nomination to every farmer in the United States.

The answer that the president will take the stump is the manly one, exacted by the circumstances. Of course, Hoover has not proved an adept politician. In the nature of things, he is not a statesman. As a man stewing in his own juice though still defiant and fighting, his case can command little sympathy.

Pioneer Navarro County Resident Has 84th Birthday

T. J. (Pap) Oliver, pioneer resident of the county, celebrated his eighty-fourth birthday Tuesday, Sept. 27, at the home of his daughter, Mr. and Mrs. Burdine Farmer in the Farmer community. He was remembered on the occasion by a number of his friends and relatives. Some came and others sent gifts of remembrance. Mr. Oliver came to Texas from Kentucky and settled in Dallas. He later moved to Navarro county and has resided in the Farmer and Embury communities practically the entire time since.

WATERED UTILITIES

Public utilities and their holding companies are not all to be judged and measured by the rottenness of the Insull system, but the history of Insull ownership probably illustrates what has been going on in greater or less degree over the entire power field. At least it can be said without fear of contradiction that no larger power company is capitalized at less than its value.

Insull receivers say the public invested in Insull Utility Investments, Inc., \$236,000,000 and got for its money assets with a present real value of \$27,000,000. It is true that some of this depreciation was due to the Wall Street debacle, but there is still a wide margin that can be attributed to watered stock, manipulation and inflation of assets.

Publicity given the Insull fiasco has convinced the public that regulation of utility financing is as essential as regulation of utility rates. In fact as long as rates are based upon capitalization the capital investment must represent the real value of the property if the consuming public is not to pay more than the service is actually worth. Why should the consumer pay dividends on \$236,000,000 of capital in an enterprise worth only \$27,000,000?

There is but one defense for this overcapitalization. It has made possible the rapid growth of the power industry, improved the service rendered and provided employment for hundreds of thousands of men and women. But the benefits are temporary while the evils will be passed on to future generations as in the case of the railroads.

Future Farmers Club Organized Wortham School

WORTHAM, Oct. 1.—(Spl.)—The Future Farmers of America is the style of the newly organized club of the vocational class to the Wortham high school, under the direction of L. J. Young, teacher of vocational agriculture. The club has thirty members. The first plans of public work of the club is to have a livestock show. Woodrow Lee is president of the club.

Fairfield Girl Weds Houstonian Saturday

FAIRFIELD, Oct. 1.—(Spl.)—Miss Berta Terry and Mr. J. F. Butler of Houston, were married in that city Saturday, leaving for a honeymoon trip. They will make their home in Houston where the groom is an employee of the Southern Pacific railroad. Mrs. Butler is a daughter of Mr. and Mrs. David Terry, and was reared in Fairfield, where she has many friends to wish for her much joy and happiness.

BUSINESS OUTLOOK ELEVENTH FEDERAL DISTRICT IMPROVED

BETTERMENT IN CROP PROSPECTS STRENGTHENS PUBLIC SENTIMENT

DALLAS, Sept. 30.—(AP)—"A quickening of activity in business and industry, stimulated by a betterment in crop prospects, a further strengthening in public sentiment, and a rise in commodity prices," says the Monthly Business Review of the Federal Reserve bank of Dallas, "occurred in this district during August and the first half of September."

"The August sales of department stores in larger cities reflected an increase of 20 per cent over the previous month and while they were 25 per cent below those in the corresponding month last year, the decline was the smallest registered since March. Wholesale distribution showed a decided expansion due both to broader consumer demand and the necessity for retailers to replenish depleted stocks. While retailers are still following conservative merchandising policies, they are placing orders more liberally to meet the public demand for a wider assortment of goods and to assure immediate delivery of merchandise when needed. While the recent reaction in the cotton market has retarded buying somewhat, goods are still moving in considerable volume."

"The business mortality rate in this district, after declining in July, turned upward in August and was considerably above a year ago. The indebtedness of defaulting firms was also larger than in either comparative period."

"Weather conditions during August were generally favorable to crops and, according to the Sept. 1 report of the department of agriculture, prospective production in states attached to this district was higher than a month earlier. The most important gain occurred in the cotton crop, the estimated production having been increased 315,000 bales. The production forecast was also raised for several minor crops. While the heavy rains early in September did some damage and retarded harvesting operations this work has made good progress recently. Livestock and their ranges continue in good condition and due to the September rains good fall pasturage is assured. Livestock are expected to enter the winter in good shape."

"Financial statistics reflected largely the effect of seasonal factors. The loans of the federal reserve bank to member banks, after remaining generally steady during the last half of August, declined sharply during the succeeding two weeks, and the total

O. L. SMITH

DENTIST
PHONE: Office 70

Office Over Corsicana National Bank.

of \$12,891,000 Sept. 15 was \$3,238,000 less than Aug. 15, and \$760,000 below those a year ago. The loans and investments of member banks in selected cities were slightly lower on Sept. 7 than four weeks earlier. The daily average of combined net demand and time deposits of member banks amounted to \$597,162,000 in August, as against \$608,722,000 in July, and \$746,068,000 in August, 1931.

"While the August valuation of building permits issued at principal cities was 20 per cent larger than that of July, it was 63 per cent below that of August, 1931. The production and shipments of cement reflected a noticeable expansion over the previous month, but were still considerably under a year ago."

Farmers Breaking Land for Fall Oats

In Kerens District

KERENS, Sept. 30.—(Spl.)—Farm work has begun here since the recent rains. Cotton is coming again slowly, the gins running on about one-third time. The cotton being brought in now is mostly pulled cotton, very little picked cotton being brought to the gins.

Some farmers have started cutting their cotton stalks. A large amount of land is being broken for oats with some oats up now. It is estimated about the same amount of grain will be planted for 1933 as was planted in 1932. Winter gardens are looking well since the rains and if frost does not come too early a large amount of garden truck will be canned this fall. More calves are being fed to be canned this winter than ever before here. Farmers now have more canned goods they put up this year than in former years.

ACNE TREATMENT.

These methods for a bad skin are:

1. Do something to clear the pores of the internal cause, of the skin. A colonic irrigation, or a series of them, if the trouble is bad. Then stop them, and let the body functioning by proper diet and exercise. If you can't live these, a series of noma irritations will help, though never as thorough and effective. I do not know whether the exact equipment used by professionals can be bought; I have had a lot of inquiries about this. A longish flexible tube is used, but you must have some arrangement for the in- and outflow of the water, this is the awkward part.

Then change your diet, cutting out the acid forming foods and the rich foods. Then try skin treatments.

Fill a small bottle with alcohol, and into it put as much powdered sulphur as it will take up. Shake this mixture, wet a wad of cotton with it, and rub this over the face, especially over and around the acne spots. This dries them up, in a miraculous fashion, especially if you renew the mixture from time to time. A thick wash of cotton, soaked with this stuff, pasted over the spots, will stay on, and can be wet with the solution now and then. This dries up the spots, makes them antiseptic, makes all the skin in that area antiseptic.

It is also a good idea to take a sulphur treatment of cream, rub this over the face, and then to hold the face over a basin of boiling water, with a towel over the head to hold in the steam. This opens the pores and lets the healing sulphur get into them—a good preventive if you have a case of acne on the way, and a good cure for spots already in sight.

And a good skin treatment in any case. Afterward, use oil to remove the sulphur, and finally, rinse the face with cold water, or rub it with ice, before you use powder. Wash all our powder puffs before using them again.

Mrs. B. C.—Possibly you will be able to digest malted milk better than you do the plain milk. You may even add the malted milk to

Try This for a Bad Skin.

cow's milk and make it richer and therefore more nourishing. There are emulsions of oil on the market that are apt to be more digestible than oil, although olive oil should not be any tax to the digestive organs. After you have built up your strength you will not find so much difficulty in digesting the foods you need to nourish you. There are people, however, who can never take the very best digestions for all other foods. If they are underweight as you are, they must get the equivalent of milk in other foods. Tomorrow—Diet.

WELL, I SUPPOSE THERE WAS A TRAFFIC JAM EVERY DAY LAST WEEK—

LONNY— WILL YOU STOP FOR CAP TOMORROW? MAYBE YOU CAN GET HIM THROUGH TH' TRAFFIC JAM IN TIME FOR SCHOOL—

YESSUM—

HA HA HA!

MILDRED DEFEATED BY DAWSON FRIDAY IN OPENING GAME

FIRST GAME OF FOOTBALL EVER PLAYED BY NEW MIL-DRED HIGH GRIDSTERS

MILDRED, Oct. 1.—(Spl.)—Playing their first game, Mildred high school was smothered by Dawson 18-0, here Friday afternoon. Nine of the Mildred team had never seen a football game before, and it was the first one any of the team had played. Dawson's offense penetrated once in each of the first, second, and third quarters for touchdowns, but the team's booster failed to convert for the extra point. Mildred's defense tightened up in the closing stanza and held their opponents scoreless. Dawson's outstanding performers were Holt, tackle; and Clark, quarter. Mildred's mainstays were McNeill, full; Wells, center; and Gaines, half.

Mildred will entertain Frost at Mildred next Friday afternoon.

Officials were Pollen, (Trinity) referee, and Dresser, (A and M) umpire.

Lineups: Mildred High—Dawson High

Wortham Defeated Italy In Opening Of Season Friday

WORTHAM, Oct. 1.—(Spl.)—The football season in Wortham Friday afternoon, defeating Italy by a score of 6 to 0.

The game initiating the Bulldogs' new grid, was ushered in with much pomp and circumstance and with pep that continued to the game's final ending. It was estimated to be one of the largest attended games of any previous season.

Following was Wortham's lineup: Hubert Henderson, right tackle; Hubert Magnus, left tackle; Cecil Petty, right end; Joe Bailey, Cannon, left end; James Goolsby, quarterback; A. D. Morrey, center; Alban Bell, right guard; Mildred Craig, left guard; Martin Keeling and Woodrow Weidner, backfielders. Watt Henderson is captain, and Harry Zoda co-captain, of the Bulldogs. Wortham's Bulldogs were played Mildred at Mildred Oct. 14, which is a conference game.

Waxahachie Indians Defeated Teague In Friday Contest 7-0

TEAGUE, Oct. 3.—(Spl.)—The Teague Lions, next opponents of the IOOF Lynx, got off to a bac start in their conference game here Friday bowing to the Waxahachie Indians 7-0.

The game was well played for a first game, with both teams showing good sportsmanship. Neither club had much of an edge on the other, first down being gained evenly, with six to the club. Alexander's 37 yard punt return was the outstanding thrill play of the game, the Indian back nearly getting away for a touchdown.

Alexander made the marker for the invading Redskins when he dashed nine yards around right end, following a 35-yard march down the field. Jarrell plunged for the extra point.

Outstanding men for the victors were Alexander, Barton and Jarrell in the backfield, and Jones, Henderson and Matthews in the line. Bright spots in the work of the Lions were the strength at tackle, with Keys, Loggins and Pickle turning in good work, and the line plunging of Eotter in the backfield.

Aged Resident Of Pursley Community Buried on Sunday

Mrs. Lucy Jane Clemons, aged 78, resident of the Pursley community for more than 30 years, died at the family home about 3 o'clock Sunday morning after an illness of three weeks. Funeral services were held Sunday afternoon at 3 o'clock from the Pursley church with the Revs. I. R. Darwood and G. H. Vaughn conducting the rites.

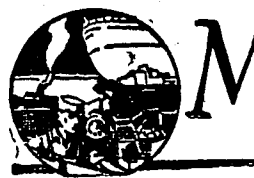

The deceased was survived by one brother, R. E. Jordan; a sister, Mrs. Dora Worley; two sons, Bob and Art Clemons; and a daughter, Mrs. Alice Price, all of Pursley.

The services were directed by the Corley Funeral Home.

To Escape Many Colds Altogether

At the first sign of "Catching cold" use Vicks VapoRub. The new aid in preventing colds—especially designed by makers of Vicks VapoRub for irritations of the nose and throat—where most colds start.

Part of the New Vicks Plan for better CONTROL OF COLD

Governorship

(Continued From Page 1)
until the supreme court has acted in the matter of the mandamus," Judge Robertson stated.

Objection to any delay whatever was made by M. M. Crane, counsel for the governor, while Speer asked the court what its purpose was in reading its lecture from the bench and "What he was going to do about it."

Judge Robertson answered he was expressing his views about the question.

Crane stated he was intensely interested in seeing the case started at once. Speer and Nickels said they had no objection and did not want any delay but said they would insist that the procedure be orderly.

"Before the court can proceed, however," Nickels stated, "it first must dispose of our plea that it has no jurisdiction."

Nickels also insisted the Ferguson case be given an opportunity not only to present plea but also to argue them, stating this right was guaranteed by the constitution.

Would Injure Governor.
Crane said any delay virtually would deprive the governor of his right to contest because of the limited amount of time between now and the Nov. 8 election. He urged the court to reconsider and the trial postponed.

While acquiescing to the request of Nickels that the special pleas be read in court, Judge Robertson did not say definitely whether he would consider them at this time.

Judge Robertson expressed belief that the supreme court's decision might obviate necessity of proceeding further with the contest and that should trial be started now it would cause an unnecessary waste of time and expense.

Speer stated that while he was not advising delay and was ready to proceed, that the supreme court "did not have the power to tell this district court to proceed and no power to make this district court do it."

District Court Has Right.
Speer said the district court's actions could not be governed by the supreme court since the lower court had exclusive jurisdiction over trial of the contest and could proceed as it deemed best.

Speer said it made no difference what the court decided about the question of proceeding with the trial.

Crane urged the court to set in motion the machinery to establish the evidence before considering the special pleas filed by the defense. He stated they could be presented all at once in final argument of the case.

Judge Robertson said he was not refusing to try the case but merely thought it best to await the supreme court's decision. He said if both sides wanted a trial he was ready to proceed.

Speer objected to the language of Judge Robertson concerning "wanting" to try the case, but stated they were ready to proceed.

No Injunction Motion.
In his statement, Judge Robertson said his court was possessed of all the ordinary powers of a district court and that its process could be placed into operation at any time. He stated the defense, while objecting to the injunction, had made no motion to modify or dissolve the injunction.

"If members of the bar do not have any respect for the courts then no law and order can prevail," Judge Robertson stated.

Although Crane objected to taking up the plea challenging jurisdiction of the court, Nickels was presenting his argument on it at the noon recess. He contended the only agency that could decide the house and senate of the Texas legislature in joint session, called the governor's attorneys were proceeding on the wrong theory and that statutes under which they sought relief applied only to officers other than governor.

May Last Several Days.
Should Nickels be permitted to proceed with his arguments and present the special pleas, it likely would require several days even should counsel for Governor Sterling offer only brief arguments against them.

Court was recessed to 2 p. m. today.

Briefs of attorneys in support of their oral argument Saturday, on the motion for leave to file the mandamus and statements as to when it would be impractical to continue the district court proceedings were filed today in supreme court. Mrs. Ferguson's attorneys stated the case was moot now since it would be impossible to try the issues before the Nov. 8

election while attorneys for the governor stated the case would not become moot before that time. The district court room was packed to overflowing with partisans of both Mrs. Ferguson and Governor Sterling.

Counter Charges In Ferguson Answer

AUSTIN, Oct. 3.—(AP)—Action toward trial of a suit filed by Governor R. B. Sterling contesting legality of the nomination of Mrs. Miriam A. Ferguson as the democratic candidate for governor, was expected today.

A conference was scheduled between attorneys for Mrs. Ferguson and Governor Sterling with District Judge W. F. Robertson, in whose court the contest is pending.

The conference was held at the home of Mrs. Jane V. McCall, secretary of state, from certifying Mrs. Ferguson as the nominee at the general election Nov. 8, to outline procedure to be followed in trial of the contest.

Mrs. Ferguson and her husband, James E. Ferguson, filed an answer to the governor's suit last night, denying the governor's allegations of illegal voting and making counter charges of illegal or irregular votes cast for Gov. Sterling.

The answer challenged jurisdiction of the court and contended the legislature, sitting in joint session, was the only agency of government which could try a contest for the governor's office.

Charges Half Million Spent.
The answer also charged that more than \$500,000 was spent in the campaign on behalf of Sterling and that \$250,000 was contributed by corporations to aid his cause. Sterling and his manager also were charged with having solicited to file an accurate account of contributions and expenditures with the secretary of state. It was alleged two of the governor's extended large sums of money without being certified as campaign managers.

"Fraudulent and illegal votes (in number sufficient to equal or exceed the number of fraudulent or illegal votes, if any, cast for her) were cast for or in favor of plaintiff," the petition stated, alleging Mrs. Ferguson received more than one-half of the legal votes cast.

There was pending in the supreme court, meanwhile, a motion by Mrs. Ferguson to leave to file a petition to mandamus Mrs. McCall to certify her as the democratic nominee.

Not Filed in Time Limit.
One of the governor's attorneys said the Ferguson answer was not filed within the time limit. He said it should have been filed last Thursday, five days from date of service of citation. It was probable, he said, the governor would move to strike the answer from the record.

Attorneys for the Fergusons said there was not limit in which the answer must be filed. It was filed in ample time and asked dismissal of the governor's suit on the ground it was not filed in time.

The answer alleged employees of the state highway department were coerced into voting for Governor

CORSICANA GIRL IS BURIED ON SUNDAY IN TYLER CEMETERY

TYLER, Oct. 3.—(Spl.)—Funeral services for Eugenia Campbell, 19, of Corsicana, who died in the Cotton Belt hospital in Texarkana Friday night following a six weeks illness, were held from the chapel of the Burks-Walker Funeral home Sunday afternoon with burial in Rose Hill cemetery. The services were conducted by Rev. DuBose Murphy, Episcopal rector.

Miss Campbell was born in Waco and had resided here until she went to Corsicana two years ago. She was a member of the Episcopal church.

Surviving are her parents, Mr. and Mrs. A. W. Campbell, and a number of brothers and sisters. A sister, Mrs. Barbara Spallaras, resides at Corsicana.

Rev. R. B. Key to Preach At Birdston On Next Sunday

Rev. R. B. Key, well known Baptist minister of Navarro county, will preach next Sunday at the old Richmond church at Birdston, he announced Monday. Rev. Mr. Key is pastor of this church now. There will be dinner on the ground on this occasion and an invitation is given the general public to attend and take part in these services.

This is the church where Mr. Key was baptized and where he began his first services in the Baptist ministry.

Sterling and that thousands of additional persons were put to work by the department to aid his campaign. It also alleged that thousands of other votes were influenced by the highway department through direct or indirect promise of reward.

Some Counties Named.
Some of the counties named by Governor Sterling as having cast illegal votes for Mrs. Ferguson were named in the Ferguson's answer as having cast illegal votes for Governor Sterling.

Some of the counties named by Governor Sterling as having cast illegal votes for Mrs. Ferguson were named in the Ferguson's answer as having cast illegal votes for Governor Sterling.

The Ferguson's alleged that approximately 25,000 illegal votes were cast for Governor Sterling and named 94 counties in which they allegedly were cast.

The allegation that Mrs. Ferguson was not eligible to hold the office because her husband was an attorney and would receive large fees if she was governor, thereby increasing their community earnings, was denied.

MARKS BROS. MESSENGER OF ECONOMY S-A-L-E

Will End Saturday Night Only 5 More Days

Women's
Regular \$1.95
Hats
88c

All the new styles—all the new colors—all head sizes at remarkably low prices.

Children's
Up to \$15.00
Coats
395

A close out group of fur trimmed coats in sizes from 7 to 14. Popular winter colors and materials.

This record smashing sale will soon be over and your greatest saving opportunity will have ended. You still have five bargain days left in which to supply your fall and winter needs. New fall goods are unpacked and put into stock every day at real bargain prices. Stocks in every department are complete and you have splendid assortments to select from.

Children's
Up to \$2.95
Sweaters
119

Every wanted color in solid colors and new combinations. Many colors in all sizes.

TAX PAYMENTS TO START LATE THIS YEAR IT IS STATED

Navarro county citizens will not have an opportunity to pay poll and other taxes for this year until Nov. 1, or after, Mrs. Joe Woods, tax collector, announced Monday, due to the lateness of the completing the tax rolls by Dock J. Martin, tax assessor. The commissioners court did not set the county tax and road tax rates until a few weeks ago, delaying the work of the assessor's office for several weeks. It is expected the rolls will be completed in about three weeks and then the rolls will be sent to the state comptroller for approval before the collection of taxes begin.

The law provides the payment of poll and other taxes beginning Oct. 1, but the delay this year is due to the waiting by county officials to allow the legislature to pass the road tax relief bill.

Gandhi Serves Ultimatum.
AHMEDABAD, India, Oct. 1.—(AP)—Mahatma Gandhi was understood today to have informed his followers here he would resume his "fast to the death" if, after six months, the caste distinction of untouchability has not been removed from the depressed classes.

Charged With Forgery.
Elvis Little was arrested shortly after noon Monday on four charges of alleged forgery by Deputy Sheriff J. M. Westbrook and was placed in the Navarro county jail.

Don't Gamble on the Future

It's easy to assume that "everything will be all right," and though that is a comfortable philosophy it is apt to lead to disastrous consequences where the disposal of your estate is concerned. Don't leave this important matter to chance and the kindly, though possibly misdirected offices of some friend. Provide for the comfort of your family with a Sound Trust Fund. We are competent to advise you.
